Looking for durability assurance?
Ask for a Crealco FPD.

The FPD (Fenestration Performance Declaration) offers compliance and durability assurance on Crealco products supplied.
www.crealco-fpd.co.za

Crealco product range is available from the following Wispeco Appointed Stockists

This brochure must be read in conjunction with the Installation, Cleaning & Maintenance Guidelines and Performance Certificates for the relevant system. The Manuals must also be used in conjunction with the design and cutting lists from the latest version of Starfront.

Casement window (41 mm)

The Crealco Casement 41 (41 mm outer frame) is a projected top and side hung window suitable for residential and commercial applications. The Crealco Casement 41 window offers various window configurations to best suit your fenestration requirements. The maximum permissible sizes for the Casement 41 top hung opening pane is 1500mm x 1200mm (w x h) and for a side hung opening pane is 700mm x 1500mm (w x h).

**Sizes to be updated once AAAMSA testing has been finalised.

FEATURES

- Designed to cater for high wind loads
- High performance window with excellent water drainage
- Designed for multi locking to accommodate large vents

GLAZING

- Designed to accommodate single glazing options between 4mm and 12 mm
- Designed to accommodate double glazing options between 16 mm and 26 mm

GASKET & SEALS

- Excellent quality colour-coded gaskets available, for ease of installation
